- All standards applied by Eco-Choice are aligned with those published by members of the Global Ecolabel Network and other respected international standards and Ecolabelling bodies.
- Where national standards exist in any of the above categories, Eco-Choice will apply such standards wherever they exceed the Eco-Choice standard.
- Eco-Choice reserves the right to amend or withdraw any published standard.
- Certification of any products is subject to the standard rules and conditions of Eco-Choice Africa.
- All information on products accessed through this page is linked directly to the manufacturer's website. For any specific enquiries, please contact the applicable manufacturer directly.

Not all eco-labels are what they seem.....

At Eco-Choice Africa, we take particular care to ensure that our label meets internationally recognised standards of environmental responsibility. Our standards reflect the latest thinking in manufacturing responsibility, designed to ensure your health and that of our planet.

Choose Right - Choose Eco-Choice
